Steve Inman
Advance Environmental Solutions

Dear Mr. Inman,

Thank you for your recent inquiry regarding the effect of aftermarket products or components on Cummins warranty.

Cummins, Inc. neither approves nor disapproves any product which we do not manufacture or sell. The use of non-Cummins products is at the discretion of the end-user, and any problems attributed to these products would not be recognized as a Cummins responsibility.

Our warranty covers defects in workmanship and/or material as manufactured and sold by Cummins; therefore, the use of any product sold in the marketplace not manufactured by Cummins would not affect our warranty. However, any engine performance problem or failure caused by products or components not manufactured or sold by Cummins is not considered by Cummins as a warrantable type of failure.

The Cummins name, various Cummins trademarks, and Cummins logo are the property of Cummins, Inc. and are not to be used in advertising or promotional activity by anyone except with the express written authority of Cummins, Inc.

Cummins requests that any use of or reference to this letter or its content must include the full text of the letter to assure clarity regarding warranty responsibility for the Suppliers product.

Nothing in this letter is to be construed as authorization by Cummins, Inc. to use the Cummins name, trademark or logo in the sale of promotional activity of any product.

Very truly yours,

Dear Mr. McGinnis,

Thank you for your letter to the Cummins Customer Assistance Center. I have reviewed the information sent to Pam Tripp regarding the Kleenoil microfiltration unit.

The warranty coverage provided by Cummins defines the responsibilities of Cummins and the customer in the event of a failure caused by a defect in Cummins' material or factory workmanship (a warrantable failure). Non-Cummins accessories are not warranted by Cummins and are the responsibility of the original equipment manufacturer.

Installing the Kleenoil filter will not void your Cummins warranty. However, if a failure occurs as a result of the microfiltration unit, Cummins is not responsible for warranty coverage. Warranty coverage, if applicable, would then need to be provided by the microfiltration unit manufacturer. A decision as to whether a particular failure is warrantable by Cummins will need to be made on a one on one basis. You can contact 1-800-DIESELS to determine warranty coverage for your Cummins Engine in regards to a particular situation.

If you have any questions please feel free to call me or any of the other CAC representatives at 1-800-DIESELS.

Sincerely,

A handwritten signature in cursive script that reads "Rodney A. Ewing".

To whom it may concern:

Summary: Cummins Engine Warranty

Solution: Thanks for your message. You have contacted Cummins, Inc. at our Customer Assistance Center located in Columbus, Indiana. This is our worldwide headquarters and has been our home since Clessie Cummins founded the company February 3, 1919.

Regarding your questions on the Kleenoil and Power Up products, the products themselves will not void the warranty however any progressive damage issue linked either directly or indirectly to aftermarket products or additives will not be covered by warranty.

We thank you for your interest in Cummins products. We occasionally misunderstand a question. If our answer to your communication looks like we have misunderstood your question, please reply with further inquiry.

To locate the nearest Cummins-authorized Dealer or Distributor Service Provider call our toll free customer assistance line 1-800-DIESELS (343-7357) or for computer assistance in locating a Service Provider, use Cummins Service Locator, which can be found on Cummins website:

<http://wsl.cummins.com/ServiceLocator/jsp/controller.jsp?action=showworldmap>

Please let us know if you have other questions and if away from your computer or have a time-critical request that needs more urgent attention, feel free to call us toll-free (from North America) on 1-800-DIESELS (343-7357). Cummins Email (via webpage):
